tl;dr:

- 1. Scale token adoption more effectively**
leading to
(i) user acquisition and
(ii) increased and diversified holder base
- 2. Engage one of the largest active crypto communities**

Why?

- 1.** PCS is a leading multichain AMM, with **>400K** DAU, **~\$2B** TVL, and **>\$5B** Daily Traded Volume
- 2.** Syrup Pool is one of our most effective user acquisition tools—more than **3000** users participate regularly
- 3.** Increase mindshare and diversify your token holder base by engaging CAKE holders from our community

How does this work?

- 1.** Projects apply via our [google form here](#), which should take 8 minutes or less to complete
- 2.** If appropriate, we will reach out and do some due diligence
- 3.** If approved, we'll launch a Stake CAKE, Earn XYZ Syrup Pool:
 - a. Before the Campaign Starts**
Finalize terms—duration, reward amount, cap per address—with rewards collected upfront.
 - b. On the Release Day**
We'll publish a dedicated announcement on our socials—feel free to amplify or make your own post
- 4.** Our users will notice the fresh Syrup Pool, join in with their CAKE, and become new members of your project
